Knauf Cleaneo Complete

Perfect room acoustics is almost obligatory in today's world, providing an appealing room design on the other hand as an added bonus. New is that you can now combine both easily and intelligently. The innovative Knauf acoustic ceiling is available in several ready-made surface designs. It is not just good to look at, it also saves two complete additional operations. Knauf Cleaneo Complete does not require painting or joint filling. Even when the outdoor temperatures are cooler or the construction period is restricted to holiday periods, tight site deadlines can be completed reliably. A bright idea for contemporary acoustics.

1 Board

Knauf Cleaneo Complete has rebated edges for accurate application without joint filling. Precise board dimensions guarantee perfect perforation spacing.

The installation instructions can be found at knauf.de/TRO14L.de

2 Attachment

The acoustic ceiling can be installed easily, quickly and with absolute safety with white Knauf Cleaneo Caps 8/18R or 12/25R.

The System Data Sheet can be found under knauf.de/K533.de

3 Properties

- Finished surfaces
- Fast installation
- No joint filling
- Can be installed in all weather conditions
- Excellent acoustics
- Short installation times
- Paintable
- Wipeable

Technical information

Dimensions:	approx. 1200 x 2000 mm depending on perforation pattern
Building material class:	A2 - s1, d0
Edge design:	4FF
Perforation patterns:	8/18R and 12/25R
Accessories:	Cleaneo Caps 8/18R and 12/25R
Edge frieze:	e.g. fitted frieze
Sound absorption coefficient:	see System Data Sheet D12.de
Substructure	see System Data Sheet D12.de
